CUSD Board Decides to Wait Before Cutting Bus Runs

The possibility of the elimination of the Hastings and Dudley bus runs by Carmel Unified School District was put off for another two weeks at least by the board of education last night.

It had been proposed by school administrative officials that these two runs be eliminated in favor of a program which would see the high school district paying parents for transporting pupils to the nearest bus stop on the regular run. The proposal was brought about by cost considerations as related to the scheduling problems, school district sources said.

The well-attended meeting heard remarks from a group of parents who live along the routes as well as a group of parents from Pebble Beach, who came in response to a possible change in the bus run that serves that area.

Attorney Francis Heisler, in defending the position of the parents, said, "Economic problems are not the only problems. Many families have only one car and in others the mother may not know how to drive. Courts have pointed out that you cannot discriminate against those who cannot afford these advantages in favor of those who can. I'm sure that the position proposed by the superintendent will not stand the examination of the courts."

Board President Dr. Robert Newton pointed out that the board should share the responsibility of these decisions and Board Member Clayton Neill pointed out that the problem was one of deciding to take funds away from purely educational purposes to use them in these other areas.

The board thanked the audience for the benefit of their thinking on the matter and decided to put it off until at least two weeks

(Continued on Page Thirteen)

Julian P. Graham

With the untimely death of Julian P. ("Spike") Graham last Sunday night, the Monterey Peninsula lost its ambassador of friendship whose portraits of notable residents and visitors have carried warm reminders of our Peninsula and Spike's signature around the world.

A photographer of rare sensitivity, Julian Graham stood at the top of his profession. A personality of warmth, sincerity and charm, he had friends of all nationalities and interests.

Resident of the Peninsula for 40 years, Julian Graham will be sorely missed.

The Carmel Pine Cone, which has so proudly reproduced his superb photographs, offers its condolences to his wife, Mrs. Gwenn Campbell Graham and to his family.

Symphony Opens Season Oct. 22

The Monterey County Symphony orchestra has accelerated its rehearsal schedule this week in preparation for its opening concert which will take place in Sunset Auditorium next Tues. evening, Oct. 22, at 8:30 p.m.

The traditionally all-orchestral concert will be under the direction of conductor John Gosling. The program will include the works of favorite old masters including: Mozart's "Overture to the Marriage of Figaro," Handel's "Royal Fireworks Music" and Dvorak's Symphony No. 5 (The New World).

The performance will also be dedicated to the memory of the late Grace Howden, who founded the Symphony Association in 1946. It was Mrs. Howden's impetus during the symphony's early, formative years that was primarily responsible for the growth and development of both the orchestra and the symphony association.

The greatest demand for season tickets in the orchestra's history has made the series a virtual sell-out. The few remaining tickets are now on sale at the Browse Around Book Shop in Carmel. Any tickets not sold on a season basis will be put on single sale the day of the concert, and will also be available at the box office immediately preceeding the performance. For additional information call Symphony Headquarters, MA 4-4125.

All the praise the PINE CONE has received this past week for the beautiful football picture on the first page of last week's issue should rightfully go to Howard Bucquet, Jr., who allowed us to use his negative. He is the father of Kitty Bucquet, popular senior at Carmel High.

The engraving of the picture, as are all our engravings, was made here in our office on our Fairchild Scan-A-Graver.

Feathers . . . From the Shaft

No. 29

By Harry the Fletcher

Comes now the happy festive time, approaching all too soon, when caroling and bells will chime from here to Bonnie Doon; and preparations must be made, and then the endless lists of relatives we can't evade and those who can't be missed.

The Christmas cards we pick must bear our names in proper print; and suddenly become aware through subtlety and hint, we'd better start in buying gifts for hordes of kith and kin, and friends included on the lists, and those we must put in.

Now, what to do about the Blacks? they didn't give last year. The Whites have moved, but then the Jacks have recently moved here. And Aunt Amantha, bless her heart, who sends outlandish things, has been a problem from the start since she's collecting Mings.

The Jones, the Jenks, the Smiths, the Schranks, the Bills and Bobs and Joes, and Cousin Jane and Cousin Hanks, and goodness only knows — we have to give — they gave to us. But now I've gone on strike — I'll send them cash and end the fuss, and say, "Buy what you like!"

Thank You Carmel

Dear Carmel:

The administration, faculty, and students of Carmel High School would like to take this opportunity to thank all those who contributed toward making this year's Scholarship Carnival a success.

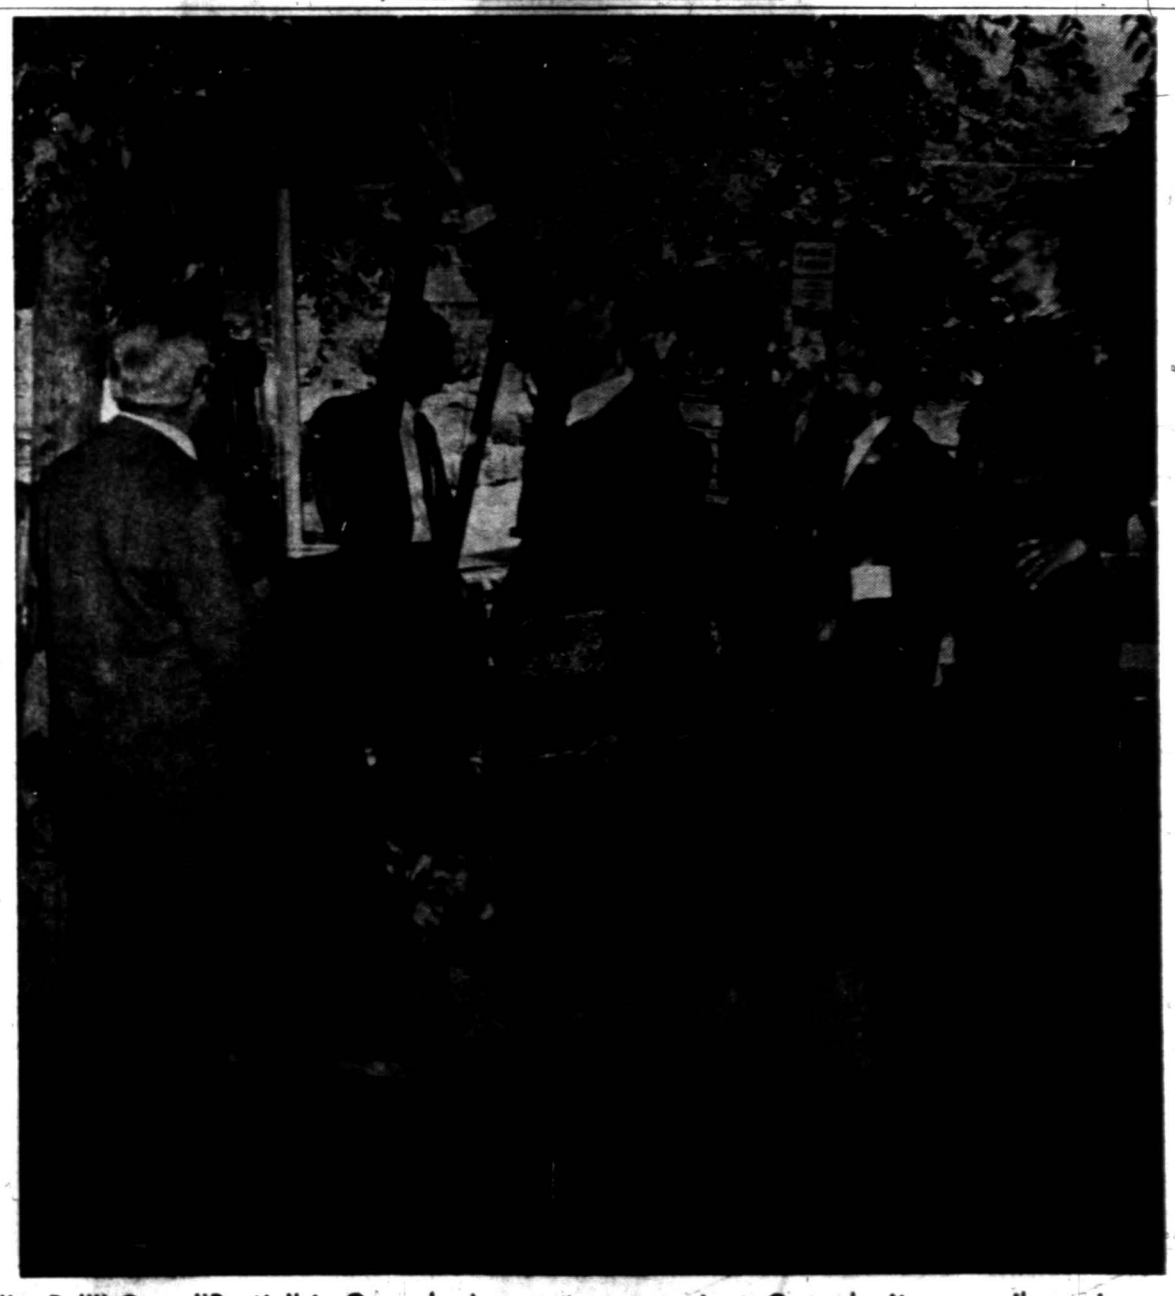
According to the latest figures, the Carnival made over $3,000.00, all of which will go into a scholarship fund for Senior students. Through the donations of time, money, and effort given so freely by the merchants, businessmen, professional men and townspeople of Carmel, many students who could not afford to go to college will now have an opportunity to further their education.

The Carnival gives our high school students more than just money. There is plenty of hard work in putting on such an activity. This inspires in the student a sense of responsibility and a sense of accomplishment.

Again, thanks to one and all who helped in our investment in better scholarship.

Daphne Dennis,
Carnival Publicity Chairman

(See picture page 15)



"La Bell" Goes "Rustic" in Carmel. Appearance-conscious Carmel city councilmen inspect and discuss a sample sidewalk booth proposed for several Vilage curbside locations by Pacific Telephone. Evaluating its rustic features are (from left) Councilman Robert Spencer, PT&T marketing representative Douglas Baird (seen through booth), Mayor Eben Whittlesey, Deputy City Clerk Arthur Plaxton, Councilmen Frank Putnam and Herbert Blanks. Councilman James Buffington is out of view behind the mayor.

What? No Patriotic Girls in Carmel?

Miss Zoeann Haddix of Monterey, member of Fort Ord Junior Volunteers was awarded her 300-hour service pin at the recent Award Dance held at Fort Ord Service Club No. 1.

While Carmel and Monterey are Fort Ord's closest neighbors, it is reported to the PINE CONE that Junior Volunteers membership is made up of young women from San Jose, Watsonville and Santa Cruz, with a small number from Monterey and none from Carmel.

The Junior Volunteers is open to all young women of the Peninsula, high school seniors, graduates and young business women, over 18 years of age. Chaperones attend all parties and dances, and transportation is arranged for groups of Junior Volunteers.

Enlisted men at Fort Ord, many of them in basic training, come from all parts of the world. Far from home, they are in a strange environment without friends or family. It is a reflection upon the citizenship, the patriotism and friendliness of our area that their social affairs, Sunday afternoons and dances must, because of lack of interest on the part of our young women, be predominantly stag.

For information regarding Junior Volunteers, call Service Club No. 1, Fort Ord, 242-2044.

There is still time to register for the Hallowe'en Dance.

Sixty five persons perished during the Christmas week flood of 1955 when a levee on the Feather River gave way.

Prize Winner Selects Carmel

Due to winning a contest sponsored by Minnesota Mining and Manufacturing Company's Thermo-Fax Division, Mr. and Mrs. Ray Morgan of Chico were recent guests occupying the "Jimmy Hatlo Suite" at Tally Ho Inn. Out of 189 dealers entered throughout the country, Mr. Morgan's company won top sales.

California is the nation's leading strawberry producing state.

Growing families often need extra money . . .

Which of these loans from "the most helpful bank" can your family use?

HOME LOANS FOR BETTER LIVING

Where your family lives has so much to do with how happily you live. And it's so easy to make a change for the better with the help of your bank. A Crocker-Anglo Home Loan can assist your family in moving to a home of your own . . . help you acquire a larger home to accommodate your growing family . . . or *improve* your present home by modernizing it or by adding a bedroom, bath, or recreation room. You'll appreciate the attention you get from our real estate loan people. And their expert counseling makes getting a loan faster and simpler.

FAMILY LOANS FOR "BETTER MANAGING"

A family has so many demands on its income these days. Bills roll in for everything from Junior's sports equipment to daughter's wedding. And sometimes there is an emergency—or an opportunity. When unpaid or unexpected bills become a problem, use a personal loan from Crocker-Anglo to pay them off. When one considers overdue penalties and carrying charges on unpaid bills, you'll be financially ahead by paying them at once. And you'll find a single monthly payment easier to budget. A Crocker-Anglo Family Loan is the answer.

AUTO FINANCING FOR FAMILY TRANSPORTATION
(through your dealer)

When the family car ages to the point of requiring expensive repairs—or when a second car becomes necessary—let Crocker-Anglo help put a new car in your driveway. Crocker-Anglo was the first bank in the United States to make credit available to the public for automobile financing through dealers. Our complete automotive finance department also provides re-financing for your present car, whether paid for or not. Remember that you can ask for Crocker-Anglo Bankway Credit financing through any automobile dealer to finance the car you buy.

The Nuclear Nuts Elect Counselors

The Atomic energy club of Carmel Junior High School, "The Nuclear Nuts" met last Friday afternoon to elect officers and plan their second year's program.

Elected as program counselors for the year 1963-64 were Steve Meadows and Carole Kiler. They will share the responsibilities of planning the club's educational program. The club does not have a president or secretary as its purpose is to obtain nuclear data.

The Richard Osbornes Entertain at Backgammon

The Richard Osbornes will be hosts at Pebble Beach October 17-20 for the Vietor Cup Backgammon Tournament, which had its beginning at the John A. Vietors in La Jolla last year.

The week end will get under way this evening with a cocktail-buffet for contestants and their wives at the Osborne's home, and tomorrow evening a dinner dance is scheduled at the Beach Club.

Play is limited to men, but their wives will be along to enjoy the week end. Among those who make up the group are Messrs. and Mmes. Roger Papham, Jr., Ian Bradburn, Charles Rollins, Maurice Strauss, Gordon Leib, Paul A. Miller, Sam Bell, Juan de Sanz, Robert K. Smith, and Mr. Stuyvesant Fish.

★

Padres Victorious

By Bob Holmes

Carmel High School gained first place in the Mission Trail Athletic League last Friday night by defeating King City High, 20-13, in a great come-from-behind effort.

In the first quarter, King City capitalized on a Carmel fumble, followed by a 95-yard run by Hovins Macklin to pay-dirt for a 6-0 score. The conversion failed. Then again, late in the same quarter, Macklin carried the ball around right end to score. This time the P.A.T. was good and King City led 13-0.

The never-say-die Padres scored late in the second quarter on a pass play from Al Nishimura to Phil Zobel. The half-time score was King City 13, Carmel 6.

In the third quarter, Nishimura passed to Ralph Juarez for a 36-yard gain. Then a 15-yard pass from Nishimura to Rich Di Lorenzo put the ball on the King City one-foot line. Nishimura took the ball over for the score and Grant Pollock picked the conversion as Carmel tied the score. With five minutes left in the game, a 56-yard pass play from Nishimura to Juarez was good for six points and Grant Pollock again kicked the extra point. King City was unable to score again, and Carmel won 20-13.

A fiery team effort was shown by all. Offensive standouts were: Nishimura, who completed seven passes for 15 attempts, and three touchdowns; Phil Zobel, Ralph Juarez and John Tolan, who showed excellence in running and pass catching. To'an carried the ball 15 times for a six yard average and four first downs.

Defensive stars were Grant Pollock, Mikey Paul, Steve Johnson and Phil Zobel.

Carmel plays San Lorenzo Friday night at Harney West Stadium in Santa Cruz.

Studio Theater Casting Tonight

The Studio Theatre announces its next production "Sunday in New York" by Norman Krasna, will open November 22.

Director Clifford Berry will audition Peninsula actors and actresses for the six roles at the Studio this evening at 8 p.m. A gay sophisticated comedy the cast includes two women and four men.

Those who wish to be auditioned and who cannot go to the theater this evening should call Mr. Berry at 624-1661.

New Production at Circle Oct. 25

The Circle Theatre announces a French mystery-comedy as its next production, beginning Friday, Oct. 25. Marcel Archard's "L'Idiote," adapted by Harry Kurnitz, bears the English title "A Shot in the Dark."

Paris and New York productions of the play were followed this year by a London opening. The Broadway version was notable as a vehicle for Julie Harris, who played a disarmingly frank Parisian chamber-maid accused of murder.

Comedy and suspense are mixed in equal proportions as a young attorney attempts to cut through the conflicting and deliberately misleading stories told by the maid, to establish the true identity of the murderer.

Ig Heniford, Carmel director last represented at the Circle by his production of "The Reluctant Debutante," has staged "A Shot in the Dark." It will play on Friday, Saturday and Sunday evenings through Dec. 8.

"Uncle" Roy Hawley cuts his cake with Art Plaxton's and Mrs. Jim Pruitt's approval. —Pine Cone photo

Royal D. Hawley's Gala Housewarming

Everybody's "Uncle Roy," really went to town last Tuesday, or rather, went out of town in a whirl that would challenge many a managing housewife!

Royal D. Hawley, young man about Carmel for the past decade (pushing 83 at the moment) moved, bag, baggage and furniture into Carmel Manor, Carmel Valley, on Monday morning. On Tuesday evening, gay and sparkling as a debutante, he greeted half a hundred friends in his new home, a double unit in the spanking new Carmel Manor. Assisting greeters were Mrs. George Walker and Mrs. Don Brown.

The libations and the sit-down dinner would have put Oscar of the Waldorf to shame. Place cards each with a miniature railroad car attached were the brain child of Miguel E. Salazar II, a tribute to Uncle Roy's railroading days with the Southern Pacific.

Just about everybody present rose to toast the host, The Rev. William David Pratt, administrator of Carmel Manor paid special tribute to the host's paradoxical character. Dr. Pratt said, "He (Uncle Roy) is, most of the time, affectionate and lovable. But, he can be vexatious, too!" The vexing problem referred to arose over Hey Boy, Uncle Roy's Pekinese and devoted companion. "No dogs" is a rule at the Manor. Uncle Roy wanted his new home and Hey Boy too. Mr. Salazar came to the rescue. Hey Boy is his house guest and visits his real owner on state occasions.

Adding to the fun of the evening were the mounds of birthday presents presented to the host. Among them, of course, was a stuffed Pekingese, the "spittin' image" of Hey Boy.

The guests were Messrs. and Mesdames Don Brown, Horace Lyon, George Walker, Al Fry and Arthur Plaxton; Lou Rudolph, Louis Staples, James Pruitt, Richard Mything and Robert Spencer. Also, Rev. David Hill and Mrs. Hill, Rev. William David Pratt and Mrs. Pratt, Dr. and Mrs. Tom Morris.

Mesdames Lou Russell, Kay Holman, Jessie Caffee; also Miss Cherrie Child. Stagging were Messrs. Salazar and Donald Marshall. Out-of-town guests who declared they "wouldn't have missed the party for anything," included Mrs. Horace Bond and Mr. and Mrs. Richard Turner of San Mateo, and Dr. and Mrs. Clarence Adams of San Francisco.

Stars and Stripes

Is the salute to the Flag a forgotten gesture of respect and loyalty?

It has come to our editorial ears that during last week's High School parade the color guard was largely ignored by the spectators. There were neither salutes, nor on the part of the men, lifted hats.

Is the gesture of patriotism a thing of the past in Carmel?

WHERE THERE'S LIFE

By Andre Hope

There's the mad mad Mad MADISON AVE. advertising. You guessed it; I've been making my annual pilgrimage to T.V. It's hard to believe that there is all that soap in the entire world. There is soft sell soap and hard sale soap, suds for overalls, dainties, babies, smelly people, dishes done in the sink, dishes done by hand, hair, beards, complexions, lack of complexions, babies, glamour girls, adolescents, L.O.L.'s.

Included in these commercials are sort of secret C.I.A. interrogations during which a well-trained actress portrays a simple-minded housewife with bad grammar who is being spied upon by a concealed camera regarding her innermost thoughts on the grease stains ringing her husband's collars (he evidently didn't "dig" the ads on bath soap) "Gasp with surprise, you're on commercial camera!" Interspersing these rave notices on the benediction of soap are advertisements on lotions and potions to soothe the skin and laundry abrasions caused by the detergents. Oddly enough these are packaged by the same companies or their subsidiaries. In other words, stick with us and we'll not only give it to you, but get you rid of it. There are products to fluff and soften the laundry, relieve your raw hands, "baby" your hair and relieve baby's rash from those over-laundered panties. One, known as "Pretty Feet," I recommend. It gentles the extremity calloused by dashing from market to washing machine to soother; However, it is also recommended for elbows. Much as one admires an attractive foot, I somehow cannot picture an elbow that looks like one.

Everything sprays! Imagine, in your usual morning obfuscations spraying shaving cream on the berries, whipped cream on your chin, oven cleaner as a deodorant, starch as flea spray and furniture polish on the dog!

Then there are the "Its"; extendit, expendit, fixit, glue-it, killsit, setsit, tenderizesit whipsit. Again a recommendation for a product labeled Endsit; removes the visible traces of indiscretions caused by all of the young of the animal and human races on various pieces of furniture, rugs and drapery. Having had uncounted heads of sprayed, fluffed, shampooed, tinted, rinsed (face it, dyed) hair flang at me between gun battles, it' gets so confusing one can hardly tell where the tossing manes stop and the tossing commercials start. I have a solution—a liquid solution—known as Drowns-it! I guarantee it will be 100 per cent effective on either the announcer and/or the model. All they have to do is to completely immerse the head for one minute at a time, three times —meanwhile back at the ranch.

All of this just naturally leads to the announcement of our winner of the "name the decade" contest. The name of the victor is Mr. Rex Nath, at present a resident of Pasadena and a Carmel afficionado, who hopes to live here one day. His double entry: "The System Sixties" — "The Nietzsche Sixties." A prize in keeping with his well-named era is being sent through the courtesy of the Entrepot and owner Howard Brunn, who manages to make this the "Savory Sixties."

CARMEL VALLEY
MEMOIRS OF JOE HITCHCOCK

By Marion Crush

The name of Hatton is almost legendary in Carmel Valley. Will Hatton managed the Los Laureles Ranch for the Pacific Improvement Company when I was a boy. He also managed his two dairies down at the other end of the Valley. It was he who had the first three telephones installed in Carmel Valley—about 1888. One was down on his dairy property, one at the St. John Ranch where his home was, and one at Los Laureles. Mr. Hatton had the building which is now the White Oak Art Gallery constructed about 1890 and opened the second dairy building on the Los Laureles. Angelo Decarli was the first dairy man to conduct it. The milk was taken to the home dairy at the Boronda Adobe where they had large vats and cheese presses and where the cheese was stored and aged until ready for shipping.

In 1914 or 1915, the Del Monte Properties Company took over the P.I. Company and the large Los Laureles tract began a process of subdivision as the land was too

From A Librarian's Notebook

By Ruth Galvin Thornburg, City Librarian

Students of the dialectic of Jean Paul Sartre will welcome his **Search for a Method.** Sub-title of the book is The Sartrean Approach to the Sociology and Philosophy of History. The basis for this book is the first chapter of his **Critique of Dialectical Reason,** which was published in 1960. It is considered to be a summary of the longer work. Hazel Barnes, who translated both works, says that in it he presents a social and political philosophy which analyses the relation of the human being to the physical universe.

Leonard Cottrell has studied ancient civilizations of many lands and in his latest book he writes of ancient China and the building of the Great Wall, roughly a period stretching from 1500 B.C. to 200 B.C. Emperor Shih Huang Ti lived in the third century B.C. and during his lifetime he brought together the warring states of China and forged them into one nation. He built the Great Wall. He built in his capital 270 luxurious palaces. He was called The Tiger of Ch'in (China) and this is also the title of Mr. Cottrell's book about him. Prisoner labor was what the emperor used for his building program and it has been said that over 400,000 men died while working on the wall. Human life was of little account and was expended without mercy, but today the wall still stands a memorial to Shih Huang Ti, the Tiger.

The gardening bug never nibbles, it bites! For those with scars from its bite, we have two new books. The one is entitled **Miniature Bulbs** and is by Roy Genders. He defines miniature bulbs as those which grow less than 12 inches high. These are the bulbs which we tuck away between other bigger plants or between the roots of trees or even in pots. The information is slanted toward the climate of England and Scotland but should be very good here, it would seem. The other gardener's book is interesting, informative, and aggravating. It is for pot gardeners of indoor plants. The book is divided into three general sections and the reader must use the table of contents because there is no index. The thing which makes the book aggravating is that it is written in the question and answer form, a maddening arrangement when you need to look up some particular thing and must instead mouse along through all the questions other people are interested in. Written by Stanley Schuler, it is entitled **1001 House Plant Questions Answered.**

James A. Pike was a lawyer who became a bishop. He has recently had published a small book entitled **Beyond the Law** in which he discusses the practice of law from an ethical and religious standpoint. He takes up the lawyer as a judge, a pastor, a citizen, and a person. Come to think of it, there is a close connection between the practice of the law and ministering to the needs of a congregation and the world.

Ever hear of the mestizos, that group of people who are part white, part negro, and part Indian? Brewton Berry, a professor at Ohio State University, is considered to be the only authority on the mestizos, and his new book is about them and is entitled **Almost White.** These people live in their own communities in the eastern United States. There they are rebuffed by whites, they are unwilling to identify themselves as negroes, and they are only partially accepted by Indians. While civil liberties are being adjudicated, we should do something about these unfortunate people.

Not much new fiction this week, but there will be soon. The cataloger at the Monterey County Library has been away on vacation and things slow up while she is away. But there is a plentiful supply of non-fiction, most of it handled with a light touch so that even confirmed novel readers can enjoy it. And there are always new novels in our McNaughton collection.

TRY TOTAL PERFORMANCE '64

What is it? Ride, ruggedness, response... fire and fun... sired in competition and honed to perfection by Ford's engineers. In a word, the quality of our '64 cars is so changed that you have to drive one to realize how changed it is!!!

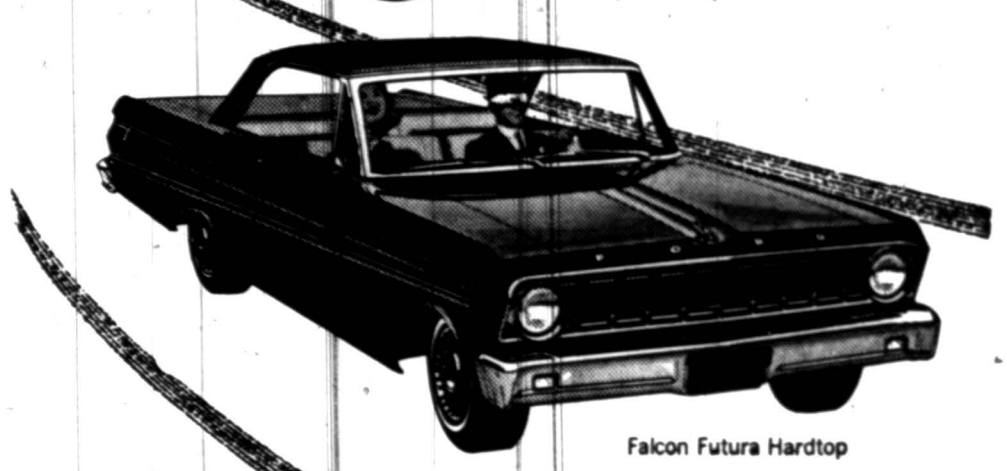
Ford Galaxie 500/XL 2-Door Hardtop

Super Torque Ford's got it!
Hundreds of pounds heavier, it's stronger, smoother, and steadier than any other car in its field. Take the wheel and see what a total difference total performance makes!

Fairlane's got it!
At last! A low-priced family car with sports-car feel. Here's total performance proved, polished and perfected in over a billion owner-driven miles.

Fairlane 500 Sports Coupe

Falcon's got it!
Wait'll you try America's only compact with total performance! All new big-car styling! Plush new ride! Lively optional V-8. Same old economy and low Falcon price.



Falcon Futura Hardtop

The SUR COAST

By Elizabeth Fuller Jones

Ananga-Ranga Trading Co., a business enterprise of Caryl Hill of Big Sur and Monterey, has already acquired many unusual items, and in the months to come, countless unique articles from all parts of the world will be arriving for her new sales and show room to be opened about Nov. 1 on Abrego Street across the street from Ring's in Monterey.

Caryl Hill is well-known in Big Sur, and particularly to patrons of Nepenthe, in her role as gracious hostess, and manager of the already established gift shop in its temporary location on the terrace, and known, too, as owner of Ananga-Ranga. Just received by the trading company is a shipment of zebra and leopard skins that may be used for throw rugs or hangings.

Miss Hill has long been interested in creative work done by children, particularly of refugees and unfortunate little ones in distant lands. These children have been helped by individuals and various agencies to develop their talents and produce lovely, useful articles and then make it possible for them to market their product. Such agencies are the Cottage Industries in India and the Su Sing-Hu Welfare Agency in Hong Kong. Through Ananga-Ranga such arts and crafts will be made available.

Ananga-Ranga is the name of a book written in Hindu, which, translated, means "How to Make Love." When establishing her business, Miss Hill said that "when some people think of 'business'

Bell Ringers to Audition Today

Auditions are being conducted by Dr. Robert E. Cater for a Handbell Choir. Any Junior High or High School students are invited to meet him on Thursday at 5 p.m. in the Fellowship Hall of the Church of the Wayfarer. Ability to read simple music and having a sense of rhythm will help students to play, Dr. Cater says and he invites young people to come and hear the music and see the handbells.

This is a set of 26 handbells, hand cast and tuned by Petit and Fritsen of Aarle-Rixtel in Holland, a firm which has been making bells since 1660. The handbells have been given to the Church of the Wayfarer and will be heard on many occasions in the future.

Information about the Handbell Choir may be secured by calling 624-3550 during the day or 624-1612 in the evenings.

Rev. Father Farrell Addresses Alter Society

The year's first business meeting of the Alter Society of Carmel Mission Basilica was held last Thursday at the Villa Angelica, vacation home for the Sisters of Notre Dame. Hostesses were Mesdames John Doud, Rith Fine and Miss Dorothy Peacock. The Reverend Father Farrell was guest speaker.

At the membership tea, held September 12 at the home of Dr. and Mrs. George McClure, with Mrs. Frank Born and Mrs. George Falge acting as co-hostesses, Mrs. James B. McGrury read her own manuscript, History of the Alter Society. Highlighted was the fact that the Society, from a group of three women, who assisted the Mission Padres in the early days of the Mission ,the membership has increased to more than 60 women.

Swiss Watchmaker Speaker at Town House

Mr. Henri Corbat, graduate of the Horological Institute of Berne, Switzerland, will be the guest speaker at Carmel Foundation Town House Open House on Sunday afternoon.

Mr. Corbat, Swiss watchmaker, recently arrived in Carmel with his family, has, in his shop at San Carlos and Fifth many rare examples of clocks and watches, antique and contemporary. His address on Sunday, starting at 2 o'clock will be "Meet Switzerland" with emphasis on the traditions of watch and clock making. The address will be followed by tea, with Mrs. Fred Glascock pouring. All Carmelites and their friends are invited to attend.

● All Carmel Dance Party members are urged to reply to their Dance Party invitations before the deadline, Saturday, Oct. 19. The first party, for sixth graders, will be held Friday, Oct. 25. Seventh and eighth graders' party is scheduled for Saturday, Oct. 26.

● SUR COAST

(Continued from Page Six)

they think of a hard and cold transaction—I think business can be pleasant, warm and happy, that is why I chose 'Ananga-Ranga.'"

Fire Prevention Week, Oct. 6-12, was brought to the attention of the residents of the Sur Coast in a very forceful, interesting and enjoyable way by the members of the Big Sur Guard Station of the United States Forest Service in Big Sur. All week there were displays at the station showing methods of fire prevention. On Wednesday, Oct. 9, the date of the great Chicago Fire in 1871 which destroyed almost a third of that city, the fire crew, under the direction of Don Eberle, fire prevention technician, gave a demonstration of the work done by the crew and their equipment, in fire prevention and suppression. An actual brush fire was set, in the cleared area in front of the station, and fire crew members immediately went into action to demonstrate how such a fire is suppressed. Of particular interest was the display of fire extinguishers for home use, and the simple use of garden tools and certain household supplies, such as baking soda, for suppression of a fire in its early stages. Mr. M. H. Netland, assistant fire control officer from King City was present, together with over 100 residents of the Big Sur area, for this special program in observance of Fire Prevention Week.

The children at Captain Cooper School, learned of ways and means of fire prevention also, during an all-school project which was carried out last week. Some time ago Mr. Eberle conceived the idea of enlisting the support of the school children in helping to prevent fires, and conditions that cause fires, in their own immediate homes and yards. With the cooperation of the teachers and the students, he gave a talk at the school, outlining his work as fire prevention technician, and the work of the other members of the fire crew, Wilfred Harlan, Juan Lopez, Norman Perryman, John Uhle and Foreman Stephen Goetz, then he presented each member of the school with a "Home Check Sheet" (the same check sheet that he uses in his work in the area) and asked that they fill it out and return it the following day, when he would again be at the school to further discuss fire prevention methods. The students filled out the check sheets and returned them with enthusiasm, during an assembly period, when they were given an opportunity to ask questions and further discuss this important project. Each one was presented with a Junior Ranger badge in recognition of their good work. Later a practice fire alarm, and fire drill took place at the school. The fire crew at the Guard Station responded to the "alarm" and demonstrated to the student body the work done by these highly trianed men in containing and suppressing fires.

Construction has begun on the new gift shop, gallery, solarium addition to Nepenthe in Big Sur. Owners of Nepenthe, Lolly and Bill Fassett, have worked closely with the architectural firm of Hall & Goodhue, Monterey, in their desire to have the character of the present structure of this well-known restaurant, reflected in the new building. Walter and Frank Trotter of Big Sur are the building contractors. The Trotter brothers built the original Nepenthe and this is the first time they have worked together on a project since that time.

The Fall series of concerts under the musical direction of Margaret Fabrizio, continues at Nepenthe, Big Sur, with three concerts remaining before the close of Nepenthe for the winter season:

By special request, tomorrow evening's concert will be a baroque concert featuring the works of Vivaldi, Telemann and Handel, with artists Raymond Fabrizio, John Erickson, Robert Hughes and Margaret Fabrizio, playing, respectively, the flute, violin, bassoon and harpsichord.

Tuesday evening Oct. 22 will be an evening of four-hand piano music with Joan Goodwin and Margaret Mosca presenting the works of Stravinsky Ravel, Schubert and Brahms.

The concluding program, Friday, Oct. 25, will be a percussion concert with Jack Van Der Wyk, Margaret Fabrizio, Robert Hughes and John Mosher featuring compositions of Cage, Rorem and Lour Harrison.

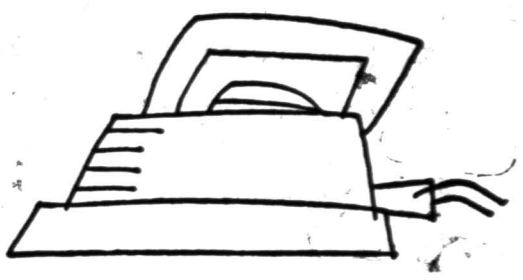
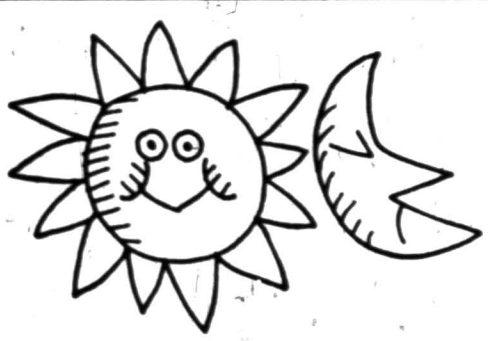
Six reasons why you'll waltz through washday with an automatic dryer:

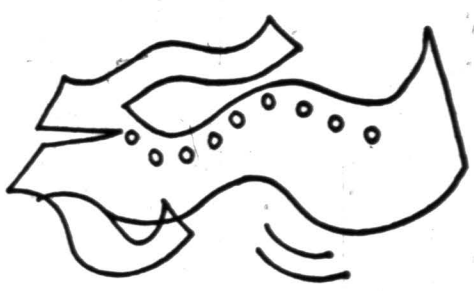
You won't have to lift and lug those back-breaking baskets of wet wash any more. (The average homemaker carries about two tons of wet wash to the line each year.)



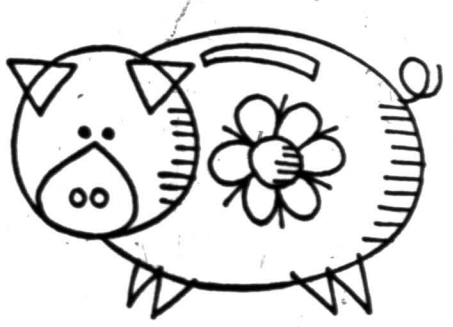
Ironing is easier. New damp-dry settings make clothes come out just right for ironing. And some fabrics come out so wrinkle-free, they need no ironing at all.



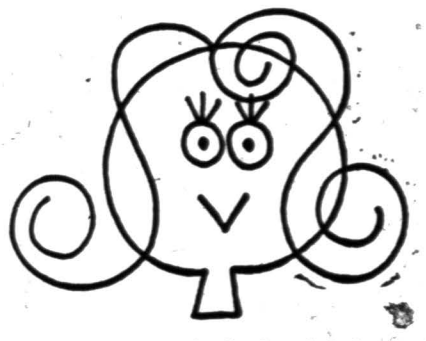
You'll be able to dry your wash at any hour of the day or night. And don't forget the weather! Or rather, *do* forget it. With a dryer, any day is wash day.



Laundry comes out soft, fluffy . . . looks and feels good. And a dryer's ultra-violet light gives your clothes the sweet smell of summer sunshine all year long.



You'll save money on clothing—especially for "small-fry." Clothing lasts longer, and fewer clothes and linens are needed when you can wash and dry *any* time.



You'll feel so much fresher at the end of the day. And think of the extra time you'll be able to spend with your family — instead of with your clothesline.

Paws for Comment

By Pheemy and Brandy

Hi-ho who? Well, we were taking a little drive West last Sunday into the sunset—just like on the T.V. We like T.V. The taste is delicious, mahogany with just a dash of varnish. Anyway, as we were headin' on out we saw this covered wagon in the artichoke fields and had to stop and sniff around. Sure enough, here was this real mild western group. The wagon, small size like us, is called the Wanderer. The fella who pulls it is Bomber, a sixteen-year-old burro who was born in Stove Pipe, Nevada. His buddy and the mascot of the group is a fighting cock named Charlie.

Now, of course, you know they're not on their own. They have a master, Seminole Bob — says so on his hat. Actually, they are from Florida and they travel all over the country, giving pleasure to human children and rides, and visiting towns, large and small.. Bob, we understand, is a writer and painter. The other two we suspect of being flim-flammers. They are now heading down Highway 1 for Los Angeles, but are in no hurry and are enjoying our beautiful country. Bomber seems particularly happy with our wild flowers and greenery — he eats 'em.

We were interested to note that the zoos keep the mother and father hippopotamussies (hippopotomi) in separate cages. Suppose they are afraid of an explosion of hippo colts? We guesss they are called colts as the meaning of the word hippopotamus is "river horses."

Napping the other day on the San Francisco Chronicle we noticed a most interesting letter to the editors regarding the fact that you do not run over domesticated pets and speed away, leaving heart-broken owners behind. There is a law! Under section 20002a of the State Vehicle Code, it is a misdemeanor to damage property (domesticated animals included), and fail to stop and take reasonable steps to locate the owners of the property. This misdemeanor is punishable by not more than six months in the county jail, a fine of not more than $500, or both. So watch out for us, we're human, too!

As we were thoughtfully chewing on another newspaper, which is being used to "ah . . . er" train our respective daughter and niece we encountered this dispatch from the Associated Press:

London

The National Canine Defense League asserted last week that selling dogs on the installment plan is carrying the modern mercantile trend too confounded far.

The league pointed out that while the installment buyer may become attached to a car, washing machine or television set, the reverse is not true—these things are incapable of returning the affection.

But a dog, said an article in the league's house organ, Dogs Bulletin, is a different proposition.

How does a dog feel when torn from his part-owner's arms for nonpayment of the October installment? Rejected, that's how he feels, said Dogs Bulletin. And there is nothing unhappier than a dog who feels rejected.

Dogs Bulletin said the installment buying of swanky dogs such as poodles as status symbols has become quite common in Britain.

"How much longer," thundered

Dr. Stephen Thorngate to Speak on Laos

Dr. Stephen Thorngate will be the guest speaker at the regular meeting of the High Twelve Club at noon tomorrow in the Carmel Masonic Temple, Lincoln and 7th. Dr. Thorngate will report on his four month service with the Tom Dooley Foundation in Laos, All Master Masons are invited to attend.

CARMEL AREA YOUTHS

Are you looking for a full or part-time job? Call or See Jack Giles, Carmel Youth Center, P. O. Box 2399, phone 624-3285.

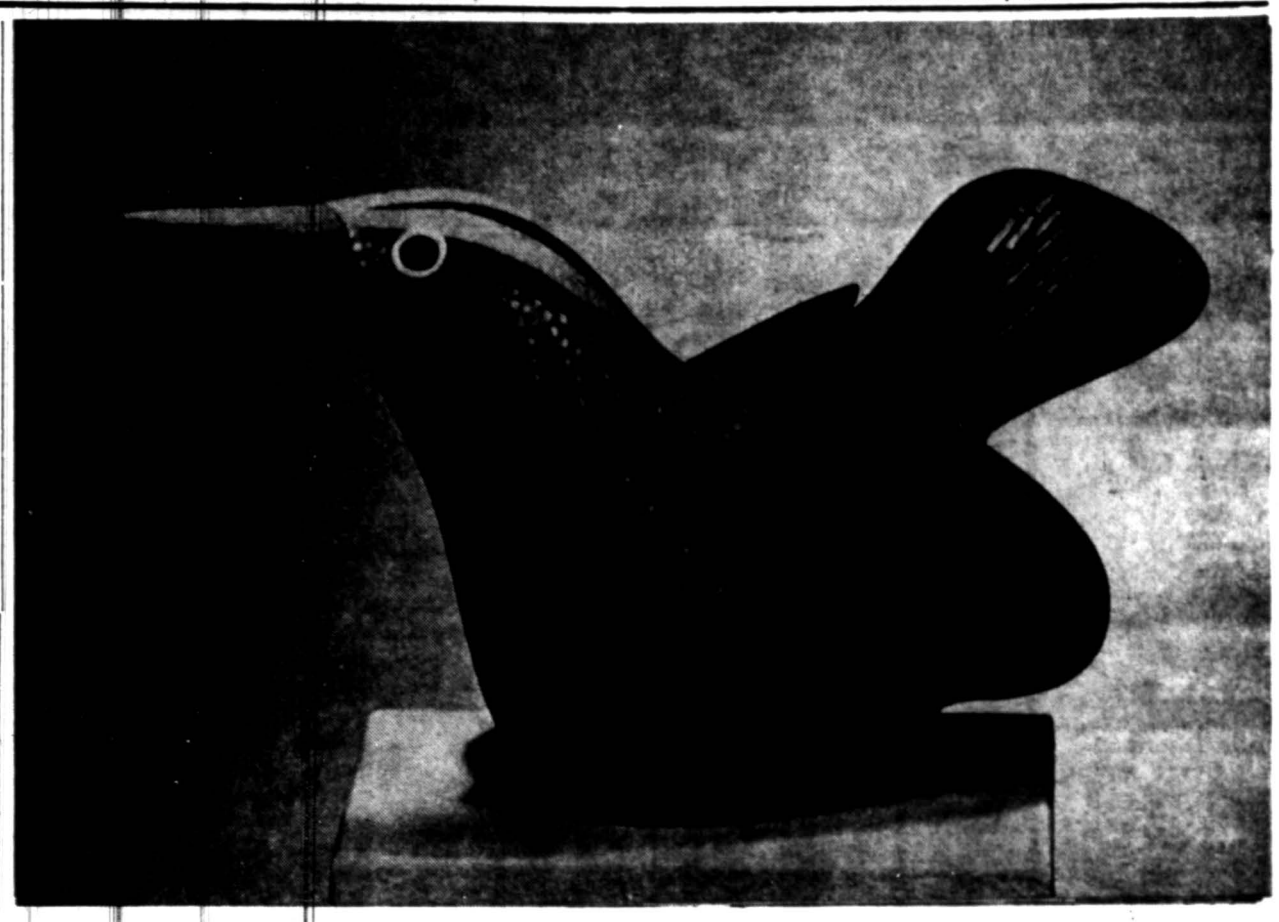
Also, Carmel area adults who want youth for odd jobs are invited to call Mr. Giles.

Pismo Beach Festival

Mr. Robert Davey of the Carmel Art Association Board of Directors has been named on the panel of judges for the El Camino Art Association, Inc., Art and Music Festival to be held, Nov. 8, 9, 10, 11 at Pismo Beach in conjunction with the annual Clam Festival.

Artists are invited to enter their original art works. Rules and entry information will be sent upon request to: P.O. Box 434, Pismo Beach, Calif. There will be $1125.00 in prize money awarded as prizes for art work.

Musicians will compete for ribbons and trophies. Choral and instrumental music, skin diving, clam digging, a parade, horse show and concerts; carnival booths and free chowder are features of the four day Festival.



Emile Norman's mosaic wood sculpture "Meadow Lark" was unveiled at a champagne preview party last Sunday in the Emile Norman Galleries, and was accepted by Mrs. W. E. Van Loben Sels in behalf of the American Federation of Arts to which it was donated. The colorful bird will be awarded to the lucky ticket holder at a drawing which will be hed on December 16 at the Beach Club in Pebble Beach. Tickets are now being sold by AFA members. Receipts wil be used for operating expenses of the AFA Monterey Chapter whose galleries are at Lincoln and Ocean in Carmel. In creating "Meadow Lark" Mr. Norman used English holly, ebony, ash, sycamore, pepperwood, mahogany, amaranth and ivory. Exquisite in color and detail the bird measures eleven inches in overall length. It will be on display in the artist's galleries, Mission and Sixth in Carmel, through the month of October. — Brooks Clement photo.

WHAT'S DOING

D. D. Muir, your Telephone Manager in Carmel

"Buon giorno, studenti." That's a greeting eighth graders hear over the telephone twice a week in Grenada, California. This "good morning" begins a long distance Italian lesson taught by a teacher forty miles away. Speakerphones (telephones with a separate speaker and microphone), let the entire class and teacher talk back and forth with each other.

This use of the phone in teaching has attracted wide attention.

• • •

One tired-of-waiting soldier put a sign in a phone booth near an Army camp in Honolulu that read: "Limit your calls to four girls."

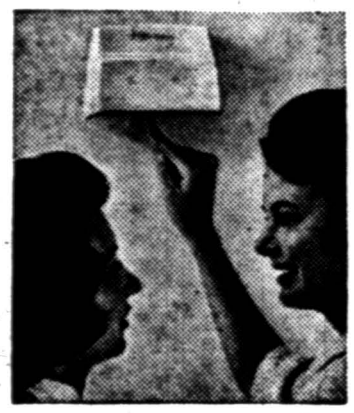
• • •

This was once one of our company trucks. And, as some may recall, a few things about this kind of truck made driving an experience. (For instance, the top speed was barely more than twenty miles per hour.) But, despite all shortcomings, driving in those days was relatively safe because of low speeds and the lack of traffic. With today's high speeds and crowded streets and highways, however, safety is a bigger problem. That's why all telephone drivers attend "Defensive Driving" schools, learning to stop accidents *before* they happen.

• • •

Calling someone whose number you're not quite sure of? Why not double-check it and jot it down before you dial? Could well save you from making a dialing mistake and save the person answering from unnecessary inconvenience.

• • •



One item that many people find useful is the Bell Chime. Here a service representative shows a customer how to set it for a pleasant chime, a loud bell or the familiar telephone ring. It's a new kind of telephone bell designed to fit any household situation. If you'd like to learn more about it, call our Business Office.

Pacific Telephone

John Ciardi At MPC October 25

John Ciardi — poet, translator, teacher, editor, lecturer—will appear Friday, Oct. 25, as the second speaker in the Monterey Peninsula College fall evening lecture series.

He will speak at 8 p.m. in an off-campus locale: the Monterey High School women's gymnasium. Persons wishing free tickets may obtain them by writing the MPC Evening Division, 980 Fremont, Monterey, , enclosing a stamped self-addressed envelope. There is a limit of four tickets per request.

The title of Ciardi's talk, "How Does a Poem Mean?" is also the title of one of his books, now widely used as a college introductory text to the study of poetry. Other poetry collections include "Homeward to America," "Live Another Day," "In the Stoneworks" and — for children — "The Reason for the Pelican," "Scrappy the Pup," "The Man Who Sang the Sillies" and "You Read to Me, I'll Read to You."

"Manner of Speaking" and "Dialogue with an Audience" are anthologies of his columns and articles which have appeared in various publications.

For several years poetry editor of the **Saturday Review**, Ciardi is particularly known for "Manner of Speaking," the forthright weekly column in which he seldom discusses poetry. Students, fellow writers and lecture audiences across the nation, however, have found in him a man who can speak plain sense on the subject, "freeing it from the fogs of misunderstanding which too often surround it."

Boston bred, Ciardi received his B.A. from Tufts University in 1938. His M.A. was granted by the University of Michigan, where he was also given a Hopwood Award in Poetry. After service in the AAF as a B-29 gunner in the aerial offensive against Japan, he taught at the University of Kansas City, then went to Harvard University as an instructor and later assistant professor of English. He was a full professor of English at Rutgers from 1953 until 1961, when he resigned to become a free-lance writer and lecturer.

About his lectures, Ciardi says, "I don't give speeches. I talk to the eyes I see."

Mrs. Shreve M. Archer, Jr., of Pebble Beach, and Sam J. Whiting, Jr., of Portola Valley, were a team in the Hunter Pace Event at Pebble Beach Saturday. The Los Altos Hunt, of which they are both members, traveled to Pebble Beach for a week end of hunting. —Julian P. Graham photo

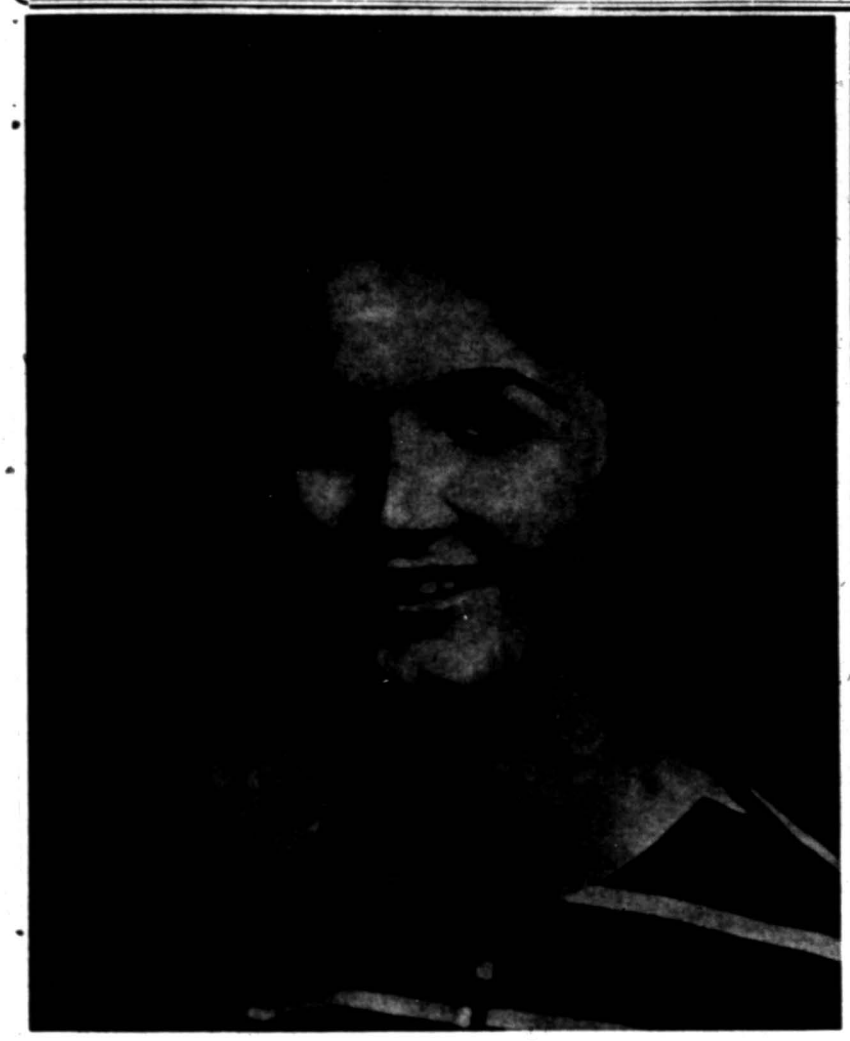
Arts and Literature

REVIEWED BY HARRY WELLESLEY FLETCHER



Miss Karen Silliman, resident of Carmel for the past month. Miss Siliman, who came here from Salinas, has already proved herself a Carmelite — she not only reads, she is in correspondence with the Pine Cone. A student at the Kramer School for Secretaries, Karen hopes to stay and stay and stay in Carmel. Her letter follows:

Photo by Murle Ogden

The Carmel Pine Cone:

REGARDING: ARTICLE BY HARRY THE FLETCHER

In answer to the Fletcher poem
We're not the kids who burned down Rome.
We're just a group of "little brats"
Whom people like H. F. begat.
It well might seem we're not the best
To aid the world put war at rest;
But take a look at what we face,
This messed up world ain't our disgrace.
We'll take the sword to heal the plight
And lead this world back into light.
But mark you well our breed's not bad,
We're what you made us, Mom and Dad.
Judge not each youngster by the rest,
For we weren't hatched from one great nest.
To think our lot depraved and wild,
Consider it, are we your child?

My rebuttal to Mr. Fletcher may sound a little harsh, but the statements in his own composition lacked tolerance. I might admit, if pressed, that our generation has produced some who are wild with a "care-less" attitude, but such is the story with each generation. When one considers one might realize that bad or good, rotten or pure, this generation is the one to rule, in a very few years, the world of the 'older generation." With such an inevitability, the only answer is to trust. If not trust, Mr. Fletcher, then what other recourse does one have?

Sincerely yours,
KAREN SILLIMAN

Dear Miss Silliman:

I was very happy to receive your very able retort to my poor little "Feathers No. 27." But it is evident you did not real the final verse which proclaimed, in part, "But, thank the Lord, there's other sorts, with worthwhile standards in their thoughts — to work for better times. And these will rule the future state as leaders . . ."

A lecturer once told me, When I speak to a group of people, however large or small, I address my remarks directly to just one faceless, formless individual who may forever be unknown to me. If that one individual receives benefit from what I have said, I feel that my work has not been in vain."

When I was very young, my own father pointed out to me the difference between a human being and an animal, in that Man has the power of reason and decision, the faculty of wisdom and choice, and the ability to control his mind and body. He later explained to me that desire for equal economic and legal rights must carry with it a willingness to accept equal responsibility for behavior and a progressively mature attitude toward the rights of others.

Because the world may appear "messed up" to some, this is no excuse for carrying on the "messing up" process. Further, we may or may not be "what Mom and Dad made us," but this is not to be considered special privilege for defying law and order, rejecting the common standards of decency, nor thinking and acting as though the world may disintegrate next Tuesday.

I have full faith and trust in the coming generation, and the generations after that. But where is the harm in saying to that one unknown, formless, faceless individual, "Wake up! Consider what you are doing to yourself. You are never too young to begin the bettre way of life and conduct. And what about YOUR children?"

— H. W. F.

Reed Nessel & Lion On Sports Staff

Reed Nessel, son of the Robert Nessels of Carmel and Carmel Valley, a journalism major at San Francisco State College, has been given a top appointment, as sports editor of the SFS daily, "Golden Gater."

Previous to his attendance at San Francisco State Reed, as a Monterey Peninsula College student, was sports editor of the college paper, El Yanqui.

In addition to his attendance at San Francisco State, Reed is on the sports reportorial staff of the San Francisco Examiner.

Yes, the lion cub shown with Reed is alive. His visit to the sports editor is approved by Dr. Walter Gieber, SFS associate professor of journalism and the Gater's advisor.

"Feminine Mystique" "Must" For Housewives

by Mary Lou Shively
Monterey County Home Advisor

Betty Friedan in her book "Feminine Mystique" says that ever since World War II, women have been bludgeoned into the belief that they can find happiness only by confining themselves to their feminine role as wives and mothers. Under the influence of this "feminine mystique," they have married at an earlier and earlier age. They have been told through advertising in all forms of mass media that the means to an ultimate is "a life in suburbia." They have had unprecedented numbers of children. Housework has become virtually their only career. Why, then, do thousands of happily married women feel "desperate" and "empty"? Why do they crowd the clinics and doctors' offices with mysterious and undiagnosable complaints? What explains their destructive search for sexual and social status, the growing hostility of their husbands, the alarming increases of neurosis in their children?

Betty Friedan finds the answers to these questions in the sophisticated cliches of the feminine mystique. She traces the history of the mystique from the post-war attack on "Mom" to the present day phenomenon of "togetherness." In a brilliant and original analysis of the contemporary scene, she shows how the influence of Sigmund Freud, Margaret Mead and the sex-directed educators persuaded women to seek the shelter of home and how the women's magazines and television advertising and industry have a vested interest in keeping them there.

Mrs. Friedan has collected her provocative evidence from doctors, psychoanalysts, marriage counselors, child-guidance authorities, sociologists, educators, and from women themselves, to show that the American woman is a victim of a sexual sell. Her book is written in anger at the distorted image of femininity that pervades our culture.

She is married, the mother of three children, an honor student from Smith, a student of the great Gestalt psychologist, Kurt Koffka. She is also a graduate of the University of California where she held a research fellowship in psychology.

If you feel there is a real basis for the complaint that so many housewives have: "I feel so empty, somehow, useless as if I do not exist," then this book is a must.

valuable for cattle raising and dairying.

But, before that time, in the early 1900's, what is now the Los Laureles Lodge was added to and became a popular tour for guests at the Del Monte Hotel in Monterey. Guests of the hotel would be driven out to the Valley for luncheon and returned to Monterey in the afternoon. These rides were known as Tally-ho's. Several small cottages spotted around the ranch were used occasionally for overnight guests who came out for hunting, fishing, and riding.

In 1925, Mr. S. C. Fertig purchased the Los Laureles from the Del Monte Properties. The property then consisted of 2,000 acres and its boundaries were from the Los Laureles Grade ridge to across the Carmel River and from what is known now as La Ranchería to what is now Ford Road. He paid something like $250 an acre. Mr. Fertig had brought his family from Pennsylvania to Pebble Beach for reasons of health. On a trip out to the Carmel Valley, he discovered a more suitable climate, purchased the property, and moved his family out. The Fertigs were the first importers of Aberdeen Angus cattle in California—having bought the Grand National in Chicago. They also raised thoroughbred horses which were shipped all over the world. The decaying Boronda Adobe was used at that time for stock. Its upper walls were covered with symbols and vulgarities written over the years by an assortment of ranch hands. The Fertigs built stables for their horses which were incorporated into what is now the beautiful MacDonald home. The little graveyard behind the Lodge continued to be maintained by the family. Occasional Tally-ho's came out to the Los Laureles Lodge looking for entertainment. It took several years before the Fertigs were able to discourage the tradition. Mr. Fertig brought in a box car of rare and special shrubs and trees which were set around the Lodge buildings and which continue to be admired today. He also was the first man to place deed restrictions (5 acre minimum) on property which he sold. Their daughter continues to live in Carmel Valley.

In 1935, Mrs. Muriel Vanderbilt Adams bought part of the Los Laureles tract on the north side of the Valley Road and made her home in the Los Laureles building. She also raised horses. A stable she built is now converted to guest rooms. Her horses grazed on what is now the Rancho del Monte subdivision.

In 1945, Mr. Frank Porter bought the property which was further subdivided. The Lodge and surrounding buildings along with several acres were sold to Sanborn Griffin. The rest of the property was kept and subdivided by Mr. Porter. Mr. Griffin converted the buildings into the resort it is today. There have been two owners of the Lodge since then, Herb and Ollie Brooks, who bought it in 1950 and now live in Hawaii, and the present owner Rudolf V. Bautz.

In my next column, I'll go on to the next and final land grant, Los Tularcitos.

Camera Club Contest Tonight

Padre Trails Camera Club will hold its first contest of the new club year tonight at 8 p.m. in Room 6 at Carmel High School. Any slides or prints of general subject material are eligible. Contestants are limited to club members, but visitors are invited to attend and view the contest. The meeting will convene at 8:00 p.m.

Manteca Art Ass'n. Exhibits Invites Carmel Entrants

Entry blanks are now available for artists who wish to enter work i nthe Manteca Art Association's First Annual Art Exhibition and may be obtained from Bernita Dodge, 700 S. Union, Manteca, California. All entries must be submitted by November 3.

Cash awards will be given for works in oil, transparent watercolor, graphics and other media at the exhibition to be held November 14 through 17 at the MRPS Hall in Manteca.

N. Eric Oback, Associate Professor of Art at San Jose State College, will be judge of acceptance and awards.

PAWS FOR COMMENT

(Continued from Page Eight)

the journal, "do we have to tolerate spurious dealings in living creatures?"

The magazine added:

"People who buy an expensive pedigree poodle for the child may tire of paying the installments when they could have bought a washing machine instead.

"They refuse to pay any more and the dog is reclaimed by the pet shop."

The pet shop then sells the dog to somebody else, Dogs Bulletin said, and this could wreck the poor pooch's ego.

Our comment: "Well, they're only people—forgive them for the things they do."

ORDINANCE NO. 82 C. S.

AN ORDINANCE AMENDING PART XI, DIVISION I, OF THE MUNICIPAL CODE AND GRANTING TO PACIFIC GAS AND ELECTRIC COMPANY, ITS SUCCESSORS AND ASSIGNS, THE FRANCHISE TO INSTALL, MAINTAIN AND USE PIPES AND APPURTENANCES FOR TRANSMITTING AND DISTRIBUTING GAS FOR ANY AND ALL PURPOSES UNDER, ALONG, ACROSS OR UPON THE PUBLIC STREETS AND PLACES AS THE SAME NOW OR MAY HEREAFTER EXIST WITHIN THE CITY OF CARMEL-BY-THE-SEA.

THE CITY COUNCIL OF THE CITY OF CARMEL-BY-THE-SEA DOES ORDAIN as follows:

Section 1. That Section 1400 through 1405, inclusive, of the Municipal Code be, and the same are hereby repealed, and that the Municipal Code be, and the same is hereby amended by the addition of new sections which shall read as follows:

"Section 1400.01. Whenever in this Ordinance the words or phrases hereinafter in this section defined are used, they shall have the respective meanings assigned to them in the following definitions:

(a) The word "Grantee" shall mean Pacific Gas and Electric Company, and its lawful successors or assigns;

(b) The word "City" shall mean the City of Carmel-by-the-Sea, a Municipal Corporation of the State of California, in its present incorporated form or in any later reorganized, consolidated, enlarged or reincorporated form;

(c) The word "streets" shall mean the public streets, ways, alleys, and places as the same now or may hereafter exist within City, including State highways, now or hereafter established within City, and freeways hereafter established within City;

(d) The word "gas" shall mean natural or artificial gas, or a mixture of natural and artificial gas;

(e) The phrase "pipes and appurtenances" shall mean pipes, pipelines, mains, services, traps, vents, vaults, manholes, meters, gauges, regulators, valves, conduits, appliances, attachments, appurtenances and, without limitation to the foregoing, any other property located or to be located in, upon, along, across, under or over the streets of City, and used or useful in transmitting and/or distributing gas;

(f) The phrase "install, maintain and use" shall mean to lay, construct, erect, install, operate, maintain, use, repair or replace.

"Section 1400.02. The franchise to install, maintain and use in the streets of City all pipes and appurtenances for transmitting and distributing gas to the public for any and all purposes is hereby granted to Grantee.

"Section 1400.03. Grantee shall relocate, at its own expense, without expense to City or adjacent property owners, any pipes and appurtenances theretofore installed, and then maintained or used under this franchise, if and when made necessary by any lawful change of grade, alignment or width of any streets by City, or the bringing of the traveled portion of such streets to lawful grade, including the construction of any subway or viaduct, provided, however, that the cost of any such relocation made necessary by the construction or any lawful change of grade, alignment or width of any freeway constructed by the State of California shall be divided equally between Grantee and the State of California.

"Section 1400.04. Said franchise shall be indeterminate, that is to say, said franchise shall endure in full force and effect until the same shall, with the consent of the Public Utilities Commission of the State of California, be voluntarily surrendered or abandoned by Grantee, or until the State or some municipal or public corporation thereunto duly authorized by law shall purchase by voluntary agreement or shall condemn and take under the power of eminent domain, all property actually used and useful in the exercise of said franchise and situate in the territorial limits of the State, municipal or public corporation purchasing or condemning such property, or until said franchise shall be forfeited for noncompliance with its terms by Grantee.

"Section 1400.05. Grantee shall during the term hereof pay to City two per cent (2%) of the gross annual receipts of Grantee arising from the use, operation or possession of said franchise; provided, however, that such payment shall in no event be less than one per cent (1%) of the gross annual receipts of Grantee derived from the sale of gas within the limits of City.

"Section 1400.06. Grantee shall file with the City Clerk of City, within three (3) months after the expiration of the calendar year, or fractional calendar year, following the date of the granting hereof, and within three (3) months after the expiration of each and every calendar year thereafter, a duly verified statement showing in detail the total gross receipts of Grantee during the preceding calendar year, or such fractional calendar year, from the sale of gas within City. Grantee shall pay to City within fifteen (15) days after the time for filing such statement, in lawful money of the United States, the aforesaid percentage of its gross receipts for such calendar year, or such fractional calendar year, covered by such statement. Any neglect, omission or refusal by Grantee to file such verified statement, or to pay said percentage at the time and in the manner specified, shall be grounds for the declaration of a forfeiture of this franchise and of all rights of Grantee hereunder.

"Section 1400.07. Said franchise is granted under the Franchise Act of 1937.

"Section 1400.08. All pipes and appurtenances which shall be installed, maintained and used under and pursuant to the provisions of this ordinance and in the exercise of the right, privilege and franchise herein granted shall be laid in a good and workmanlike manner and at least eighteen (18) inches below the surface of said streets under the direction of the Superintendent of Streets of City, or other officer having charge thereof, and in compliance with all valid ordinances and regulations which are now or hereafter shall be enacted and prescribed by City under its police power.

Grantee shall not use any portion of any street in City for the installation, maintenance or use of pipes and appurtenances in such manner as the injure or destroy any tree or tree shrub therein, unless a permit in writing is first obtained for such purpose from said Superintendent of Streets, or other officer having charge thereof. In the event said Superintendent of Streets or other officer refuses to issue any such permit when applied for by Grantee, Grantee may appeal such refusal by filing an appeal in writing with the City Clerk of City, addressed to the City Council. Such appeal shall be heard at the next ensuing regular meeting of said City Council, and the determination of said City Council thereupon after such hearing shall be final and conclusive, and binding on all parties interested.

"Section 1400.09. Grantee shall, immediately upon laying, replacing, or repairing any pipes and appurtenances, at its own cost and expense, place said streets, or so much thereof as may have been damaged thereby, in as good order and condition as that in which they were before being disturbed or excavated for the purpose of laying, replacing or repairing said pipes and appurtenances.

"Section 1400.10. Grantee shall pay to City a sum of money sufficient to reimburse it for all publication expenses incurred by it in connection with the granting hereof; such payment to be made within thirty (30) days after City shall have furnished Grantee with a written statement of such expenses."

Section 2. The franchise granted hereby shall not become effective until written acceptance thereof shall have been filed by Grantee with the City Clerk of City.

Section 3. Effective Date. This Ordinance shall become effective thirty (30) days after its final passage and adoption, unless suspended by a referendum petition filed as provided by law.

CERTIFICATION
OF CITY CLERK

I, HUGH BAYLESS, the undersigned, City Clerk of the City of Carmel-by-the-Sea, California, do hereby certify that the foregoing is a true and correct copy of Ordinance No. 82 C. S., which was given its First Reading at a Regular Meeting of the City Council of the City of Carmel-by-the-Sea, held on the 4th day of September, 1963, and finally adopted at a Regular Meeting of the said Council on the 9th day of October, 1963.

I further certify that upon its passage the foregoing Ordinance was signed by the Mayor of said City and attested by the City Clerk thereof.

DATED this 15th day of October, 1963.

HUGH BAYLESS, City Clerk
Date of Pub.: October 17, 1963.

ORDINANCE NO. 83 C. S.

AN ORDINANCE AMENDING PART XI, DIVISION 2, OF THE MUNICIPAL CODE AND GRANTING TO PACIFIC GAS AND ELECTRIC COMPANY, ITS SUCCESSORS AND ASSIGNS, THE FRANCHISE TO CONSTRUCT, MAINTAIN AND USE POLES, WIRES, CONDUITS AND APPURTENANCES, INCLUDING COMMUNICATION CIRCUITS, NECESSARY OR PROPER FOR TRANSMITTING AND DISTRIBUTING ELECTRICITY TO THE PUBLIC FOR ANY AND ALL PURPOSES IN, ALONG, ACROSS, UPON, UNDER AND OVER THE PUBLIC STREETS AND PLACES WITHIN THE CITY OF CARMEL-BY-THE-SEA.

THE CITY COUNCIL OF THE CITY OF CARMEL-BY-THE-SEA DOES ORDAIN as follows:

Section 1. That Sections 1406 through 1409, inclusive, of the Municipal Code be, and the same are hereby repealed, and that the Municipal Code be, and the same is hereby amended by the addition of new sections which shall read as follows:

"Section 1406.01. Whenever in this Ordinance the words or phrases hereinafter in this section defined are used, they shall have the respective meanings assigned to them in the following definitions:

(a) The word "Grantee" shall mean Pacific Gas and Electric Company, and its lawful successors or assigns;

(b) The word "City" shall mean the City of Carmel-by-the-Sea, a Municipal Corporation of the State of California, in its present incorporated form or in any later reorganized, consolidated, enlarged or reincorporated form;

(c) The word "streets" shall mean the public streets, ways, alleys and places as the same now or may hereafter exist within City, including State highways, now or hereafter established within City, and freeways hereafter established within City;

(d) The phrase "poles, wires, conduits and appurtenances" shall mean poles, towers, supports, wires, conductors, cables, guys, stubs, platforms, crossarms, braces, transformers, insulators, conduits, ducts, vaults, manholes, meters, cut-outs, switches, communication circuits, appliances, attachments, appurtenances, and, without limitation to the foregoing, any other property located or to be located in, upon, along, across, under or over the streets of City, and used or useful in transmitting and/or distribute electricity;

(e) The phrase "construct, maintain and use" shall mean to construct, erect, install, lay, operate, maintain, use, repair or replace.

"Section 1406.02. The franchise to construct, maintain and use poles, wires, conduits and appurtenances necessary or proper for transmitting and distributing electericity to the public for any and all purposes, in, along, across, upon, under and over the streets within City is hereby granted to Grantee.

"Section 1406.03. Grantee shall relocate, at its own expense, without expense to City or adjacent property owners, any poles, wires, conduits and appurtenances theretofore installed, and then maintained or used under this franchise, if and when made necessary by any lawful change of grade, alignment or width of any streets by City, or the bringing of the traveled portion of such streets to lawful grade, including the construction of any subway or viaduct, provided, however, that the cost of any such relocation made necessary by the construction or any lawful change of grade, alignment or width of any freeway constructed by the State of California shall be divided equally between Grantee and the State of California.

"Section 1406.04. Said franchise shall be indeterminate, that is to say, said franchise shall endure in full force and effect until the same shall, with the consent of the Public Utilities Commission of the State of California, be voluntarily surrendered or abandoned by Grantee, or until the State or some municipal or public corporation thereunto duly authorized by law shall purchase by voluntary agreement or shall condemn and take under the power of eminent domain, all property actually used and useful in the exercise of said franchise and situate in the territorial limits of the State, municipal or public corporation purchasing or condemning such property, or until said franchise shall be forfeited for noncompliance with its terms by Grantee.

"Section 1406.05. Grantee shall during the term hereof pay to City two per cent (2%) of the gross annual receipts of Grantee arising from the use, operation or possession of said franchise; provided, however, that such payment shall in no event be less than one per cent (1%) of the gross annual receipts of Grantee derived from the sale of electricity within the limits of City.

"Section 1406.06. Grantee shall file with the City Clerk of City, within three (3) months after the expiration of the calendar year, or fractional calendar year, following the date of the granting hereof, and within three (3) months after the expiration of each and every calendar year thereafter, a duly verified statement showing in detail the gross receipts of Grantee during the preceding calendar year, or such fractional calendar year, from the sale of electricity within City. Grantee shall pay to City within fifteen (15) days after the time for filing such statement, in lawful money of the United States, the aforesaid percentage of its gross receipts for such calendar year, or such fractional calendar year, covered by such statement. Any neglect, omission or refusal by Grantee to file such verified statement, or to pay said percentage at the time and in the manner specified, shall be grounds for the declaratiion of a forfeiture of this franchise and of all rights of Grantee hereunder.

"Section 1406.07. Said franchise is granted under the Franchise Act of 1937.

"Section 1406.08. All poles, wires, conduits and appurtenances which shall be constructed, maintained and used under and pursuant to the provisions of this ordinance and in the exercise of the right, privilege and franchise herein granted shall be installed in a good and workmanlike manner and in compliance with all valid ordinances and regulations which are now or hereafter shall be enacted and prescribed by City under its police power.

Grantee shall not use any portion of any street in City for the construction, maintenance or use of poles, wires, conduits and appurtenances in such manner as to injure or destroy any tree or tree writing is first obtained for such shrub therein, unless a permit in purpose from said Superintendent of Streets, or other officer having charge thereof. In the event said Superintendent of Streets or other officer refuses to issue any such permit when applied for by Grantee, Grantee may appeal such refusal by filing an appeal in writing with the City Clerk of City, addressed to the City Council. Such appeal shall be heard at the next ensuing regular meeting of said City Council, and the determination of said City Council thereupon after such hearing shall be final and conclusive, and binding on all parties interested.

"Section 1406.09. Grantee shall, immediately upon installing, replacing or repairing said poles, wires, conduits and appurtenances, at its own cost and expense, place said streets, or so much thereof as may have been damaged thereby, in as good order and condition as that in which they were before being disturbed or excavated for the purpose of installing, replacing or repairing said poles, wires, conduits and appurtenances.

"Section 1406.10. Grantee shall comply with the terms and provisions in existence on the effective date of this ordinance of City's Municipal Code Sections 1137 and 1409.01 through 1409.12, inclusive.

"Section 1406.11. Grantee shall pay to City a sum of money sufficient to reimburse it for all publication expenses incurred by it in connection with the granting hereof; such payment to be made within thirty (30) days after City shall have furnished Grantee with a written statement of such expenses."

Section 2. The franchise granted hereby shall not become effective until written acceptance shall have been filed by Grantee with the City Clerk of City.

Section 3. Effective Date. This Ordinance shall become effective thirty (30) days after its final passage and adoption, unless suspended by a referendum petition filed as provided by law.

CERTIFICATION
OF CITY CLERK

I, Hugh BAYLESS, the undersigned, City Clerk of the City of Carmel-by-the-Sea, California, do hereby certify that the foregoing is a true and correct copy of Ordinance No. 83 C.S., which was given its First Reading at a Regular Meeting of the City Council of the City of Carmel-by-the-Sea, held on the 4th day of September, 1963, and finally adopted at a Regular Meeting of the said Council on the 9th day of October, 1963.

I further certify that upon its passage the foregoing Ordinance was signed by the Mayor of said City and attested by the City Clerk thereof.

DATED this 15th day of October, 1963.

HUGH BAYLESS, City Clerk
Date of Pub.: October 17, 1963.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF MONTEREY

Estate of RUTH A. CLIFFORD, Deceased.

M-531
NOTICE OF HEARING PETITION FOR PROBATE OF WILL

NOTICE IS HEREBY GIVEN that RAYMOND E. CLIFFORD has filed herein a petition for probate of the Will of RUTH A. CLIFFORD deceased, and for the issuance to said petitioner of Letters Testamentary, reference to which is hereby made for further particulars, and that the time and place of hearing the same has been set for Friday, November 1, 1963, at 1:30 o'clock p.m., in the courtroom of said Court, at the Council Chambers in the City of Monterey, California.

Dated: October 15, 1963.

EMMET G. McMENAMIN, Clerk
By Geneva Wells, deputy.

School Board

(Continued From Page One)

had elapsed, for further study.

Possible dispositions of Sunset School came in for some discussion and the board considered a plan proposed by Marguerite Grundig of Carmel Valley as a logical alternative should the current negotiations with the City of Carmel be unproductive.

(NOTE: The Arts Commission of the city this week endorsed the plan for an arts center currently being studied by the city —Ed.)

Principal Orville Rogers gave a report on the educational program at Sunset School, indicating that a virtually ungraded program of instruction in reading seems to be very fruitful for the pupils. He added that a similar program in arithmetic appears to be working equally well for the fifth and sixth graders.

LEGAL ADVERTISEMENT

ORDINANCE NO. 76 C. S.

AN ORDINANCE ESTABLISHING INTERIM ZONING FOR AREAS ANNEXED TO THE CITY ON OR AFTER APRIL 10, 1963.

THE CITY COUNCIL OF THE CITY OF CARMEL-BY-THE-SEA DOES ORDAIN as follows:

Section 1. It is recognized that present zoning districts of the city do not adequately apply to areas that have recently been annexed to the city on April 10, 1963, or may in the future be annexed to the city, in that these areas have already in some degree been developed in accordance with the Monterey County Zoning Ordinance, and the application of city zoning districts and regulations as now formulated to these areas may result in the creation of structures, uses, or building sites not in keeping with their immediate surroundings with respect to present developments, the topography of the area itself, or its relation to the city as now constituted. That the city proposes to study existing county ordinances as they presently apply to these areas with a view to adopting new zoning districts and regulations to suitably fit such areas as have recently become annexed to the city or may in the future become annexed, giving due consideration in this regard both to the interest of the city generally, and the interests of such areas in maintaining their existing zoning regulations. It is hereby determined for the reasons above stated that the adoption of the within ordinance is vital and necessary pending the adoption of additional precise zoning regulations and such amendments of the general plan of the city as may be necessary with respect to areas annexed to the city on or after April 10, 1963.

Section 2. No structure in any area annexed to the city on or after April 10, 1963 shall be erected or substantially altered, nor shall a building permit issue for such erection or substantial alteration unless and until the use, building site, set-back, open space, off-street parking and density requirements have been approved by resolution of the Planning Commission authorizing the issuance of such building permit. In approving such use and requirements, the Planning Commission shall consider the regulations of the Monterey County Zoning Ordinance as they applied to the particular property in question prior to its annexation to the city, and the zoning regulations of Part X of the Municipal Code as they apply to the present zoning district most similar to the county zoning district formerly applicable to the property. The Planning Commission shall give substantial weight to the county regulations formerly applicable, but may make such modifications in requirements as may seem best suited to the particular property, the general area, and the city at large. The Planning Commission may make such additional requirements in its resolution as are zoning requirements for the use proposed in either Part X of the Municipal Code or in the zoning regulations of the county formerly applicable to the property.

Section 3. Building sites may be established either independent of or in conjunction with an application to erect or substantially alter a structure as provided hereinabove in Section 2 of this ordinance. Building sites as established in areas annexed to the city on or after April 10, 1963 shall remain the same as established under the Monterey County Zoning Ordinance prior to annexation, unless modified by resolution of the Planning Commission. In considering any such modification, the Planning Commission shall consider the regulations of the Monterey County Zoning Ordinance as they applied to the particular property in question prior to its annexation to the city, and shall give substantial weight to same, but may make such modifications in requirements as may seem best suited to the particlar property, general area and the city at large.

Section 4. Termination. Provisions of this ordinance shall become inoperative and of no further force and effect after the 31st day of July, 1964.

Section 5. Statement of Urgency. This ordinance is hereby declared to be an urgency ordinance, and shall take effect immediately upon its final passage and adoption, a statement of the urgency being as follows: That it is vital and necessary for the city to amend its zoning ordinance so as to properly provide for territories annexed since April 10, 1963, and that may be annexed in the future. That is is deemed necessary that this ordinance shall be adopted as rapidly as possible so as to prevent any new construction which, if permitted without regulation, would to a large extent interfere with the orderly development of such areas and the effectiveness of the final zoning adopted for such areas. That in the premises it is for the immediate preservation of the public peace, health and safety.

CERTIFICATION
OF CITY CLERK

I, HUGH BAYLESS, the undersigned, City Clerk of the City of Carmel-by-the-Sea, California, do hereby certify that the foregoing is a true and correct copy of Ordinance No. 76 C.S., which was given its First Reading at a Regular Meeting of the City Council of the City of Carmel - by - the - Sea, held on the 4th day of September, 1963, and finally adopted at a Regular Meeting of the said Council on the 9th day of October, 1963.

I further certify that upon its passage the foregoing Ordinance was signed by the Mayor of said City and attested by the City Clerk thereof.

DATED this 15th day of October, 1963.

HUGH BAYLESS, City Clerk

NOTICE
PUBLIC HEARING

NOTICE IS HEREBY GIVEN to All Persons Bearing an Interest in the matter that the CITY COUNCIL of the City of Carmel-by-the-Sea, California, will conduct a Public Hearing, in the Council Chamber of the said City on 6 November, 1963, at 8 o'clock P.M., or as soon thereafter as persons may be heard:

TO CONSIDER AN ORDINANCE applying existing maximum frontage requirements for other structures in the commercial districts to multiple dwellings.

AND NOTICE IS FURTHER GIVEN that the aforesaid Public Hearing will be held and this Notice is given pursuant to Section 65654 et seq., of the Government Code of the State of California.

DATE OF NOTICE: October 15, 1963.

HUGH BAYLESS, City Clerk
Date of Pub.: October 17, 1963

After November 1, 1860, 284 officers of the United States Army joined the confederate forces.

Mr. and Mrs. Ronald Alfred Berti, whose marriage took place in San Carlos Church last Sunday. —George T. C. Smith photo

Diane Bracco Weds Ronald Alfred Berti

Before the altar banked with white gladioli and mums Diane Natile Bracco, daughter of Mr. and Mrs. Angelo Bracco of Monterey and Ronald Alfred Berti of Soledad, son of Mr. and Mrs. Ernest Berti of Soledad were united in marriage in San Carlos Church of Monterey by Rev. Father Guisto, last Sunday.

Diane's gown was of white silk peau de soie. The fitted bodice with scalloped neckline was beautifully detailed with garlands of Alencon lace, sweeping in back to the Chapel train. A crown of orange blossoms topped the shoulder length veil of illusion net. Diane's bridal bouquet was of white roses and stephanotis, centered with white orchids.

Maid of honor was Miss Georganne Smith. Preceeding the bride up the aisle, the bridesmaids were the Misses Margaret Silino, Roschelle Valnizza and Marlene Berti, sister of the groom. Their gowns were peacock blue Di luna taffeta, princess bodice with elbow length sleeves and scooped neckline topped the "A" line skirt. Float headveils were topped by roses matching the gowns.

The bride was given in marriage by her father.

Ronald chose his brother, Frank Berti of San Luis Obispo for his best man and his ushers were Ronald Dacato of Gonzales, G. G. Gallagher of Sacramento and James Hall of Salinas.

Soloist was Miss Cynthia Canary and the organist, Mr. Vu Dinh Thiep.

Mrs. Angelo Bracco, mother of the bride wore a street length dress of powder blue lace with darker blue accessories, her corsage was of white orchids.

Mrs. Ernest Berti's brocade dress was gray and beige with harmonizing accessories and her corsage was of white orchids.

Following the ceremony a champagne reception for more than 100 guests was held at the Rancho Del Monte Country Club. The four tier wedding cake was garlanded with white gladioli and spider mums. In the receiving line with the wedding party were, Mr. Natale Valnizza, grandfather of the bride and Mrs. Jerome Berti of Greenfield and Mrs. Frank Scaroni of King City, grandmothers of the groom.

Upon return from their honeymoon in southern California, Mr. and Mrs. Berti will be at home at 1220 Fourth street in Monterey.

Masons of Carmel Mark 11th Anniversary

Margaret Mason, who celebrated the 11th anniversary of her famous shop on Dolores street last Monday, is still in the celebrating mood. Hundreds of well-wishers, personal friends (who are, of course, customers) as well as customers who only know Margaret for her smile and her fashion knowledge in knowing what model in her shop suits what figure, have dropped into the shop this past week to say "Congratulations" and to gloat over the Anniversary Display — famous name brand sweaters and skirts that have made Masons famous as sportswear headquarters.

"There are no two ways about it," states Margaret, two piece suits, dresses, sweaters-'n-skirts, jackets-'n-pants are what women of the Peninsula wear from dawn to dark. Teen agers to dowagers are our regular visitors. They're fussy,—as I am, quality, high fashion and fit are what they demand and that is why I have explored the fashion markets for top makers. It is all fascinating and fun. I'd far far rather be right here in Carmel, where customers become friends, than on Fifth Avenue or Union Square.

"There have been many changes in Carmel in the past decade. In the beginning, Masons was strictly "drygoods". Today we are strictly sports and casual fashions, plus lingerie, robes, hosiery and exclusive handbags.

"We greet new Carmel, we say thank you, to old Carmel, for your patronage and above all for your friendliness."
